

# Flag Display Kit

This easy-to-use kit makes your flag stand out so it can be displayed indoors at trade shows and in showrooms.

## CONTENTS:

- 1 lightweight rod
- 1 attaching bracket
- plastic zip ties
- adhesive-backed velcro strips-  
3 - 6" pieces

## INSTRUCTIONS:

1. Lay the flag out flat and position the rod just above it so that one end of the rod lines up flush with the outer edge of the flag
2. Apply the hook-side of the velcro strips along the top of the flag. Evenly space them out along the full length of the flag. Apply the eye-side of the velcro strips along the top of the rod. Space them out to line up with the corresponding strips on the flag.
3. Attach the flag to the rod using the velcro and then roll the rod over once or twice to wrap the flag around the rod.
4. Insert the exposed end of the rod through the round holes in the mounting bracket.
5. Use 2 of the zip ties to lash the mounting bracket tightly to the flag pole.
